

MAJÁK n.o.

Maják n.o. je nezisková organizácia, špecializované zariadenie pre hluchoslepých a viacnásobne postihnutých dospelých. Naše celoročné služby poskytujeme, ako jediné zariadenie na Slovensku, ôsmim mladým ľuďom. Vytvárame podmienky a priestor na individuálny rozvoj, sebarealizáciu, vzdelávanie, podporu komunikácie, spoločenského života ako aj pre plnohodnotné trávenie voľného času. Jednou z najobľúbenejších aktivít pre našich majákovcov je arteterapia, ktorú realizujeme od roku 2008. V procese tvorby naši mladí prešli rôznymi obdobiami. Počiatočné odmietanie, postupne prechádzalo do prijímania, spoznávania farieb, vône, materiálu, techník, až po úplné odovzdanie sa atmosfére tvorenia a sebarealizácie. Arteterapia sa stala komunikačným kanálom, ktorým naši mladí dokážu vyjadriť emócie, zážitky a túžby. Tento katalóg je ukážkou diel našich majákovcov. Ak by ste chceli podporiť našich mladých umelcov, naše aktivity a poslanie, môžete tak urobiť zakúpením si vami vyberaného diela, ktoré vám rozjasní váš domov či pracovné prostredie.

Maják n.o. is non profit organization, family house, which provides the 24/7 services for deafblind adults. Maják means the Lighthouse and it is the first and the only one specialized facility for the deafblind adults in Slovakia. The young deafblinds live in the community of 8 people. The group home provides them the opportunity for the education, the development of their personality, they learn to spend the leisure time and develop their interests. Maják n.o. provides social counseling, special communication, social rehabilitation, art therapy, music therapy and learning through individual development plans. The most favourite activity is art therapy for deafblind people. We provide it from 2008. Art therapy brings them a lot of skills and various emotions. They learned to manipulate with brushes and drawing area, to know the colours and to keep an attention. We would like to achieve the own selection of drawing theme and to support individual nonverbal communication. Art therapy is the alternative method of their communication. The pictures reflect their wishes and various emotions and experiences. This booklet presents some pictures from art therapy. If you decide to buy some of them you will support our activities and our mission.
